

16 JUL 02

**PREVENTIVE DENTISTRY SPECIALTY  
COURSE PREREQUISITES  
CRS 330-X2**

EFFECTIVE:19 FEB 02

LAST UPDATED: 01 MAY 02

Active Army SPC and below, Reserve Component SGT and below. Soldiers must be a graduate of the Basic Dental Specialist course. Minimum time in **service remaining requirement is 11 months** for active duty. Consecutive training in MOS 91E and ASI X2 results in a Time in Service remaining requirement of 16 months. Service remaining requirement for Reserve Component is governed by NGR 351-1 or AR 135-200. Soldiers who hold ASI N5 are ineligible to apply. Meet height and weight requirement IAW AR 600-9. Have a minimum physical profile of 222221, normal color vision, and a minimum score of **92 in aptitude area ST**. No disciplinary action in the past 12 months prior to start date of course. **CPR certification valid through graduation. Hepatitis A and B vaccine** completed or series started. This MOS has a physical demands rating of moderately heavy. Enlisted women who are pregnant must be processed IAW AR 635-200. Prior to the departure from home station, soldiers are required to reenlist or extend their term of enlistment in order to fulfill the time in service (TIS) remaining requirement upon completion of the course. When reporting for training, and it is determined that soldiers do not meet the TIS remaining requirements, they will not be accepted into the course they requested unless they reenlist or extend to meet the TIS remaining requirements.
